

“Z-ink is an entrepreneur’s best friend! There are so many ways that Zuzana has helped my business, from writing and editing content for my website, to comprehensive support with my book. When you’re not a writer, having someone like Zuzana is a godsend. It’s priceless to me that she was able to get my personality across in the book. Anyone who wants to put their best foot forward with anything in writing would be smart to get help from Z-ink!”

Carol Martin

Inventor of the BlendSmart rotating makeup applicator, cofounder of Worth Beauty, and founder of [The Informed Choice](#)

As an expert at helping people look their best, Carol Martin speaks from experience when it comes to effective preparation for and recovery from cosmetic procedures. She shares her advice in [The Little Book of Lipo](#), the true insider’s guide to the most popular surgery in the country: liposuction. This step-by-step guidebook tells how to choose a top surgeon, prepare the house and family, overcome any fears, spot danger signs while healing, get the most out of the procedure, and recover safely and fast—everything you need to know but didn’t know to ask.
